

## **ADMG PRINCIPLES OF COLLABORATION**

We:

- acknowledge what we have in common – a shared commitment to a sustainable and economically viable Scottish countryside.
- make a commitment to work together to achieve and maintain that.
- accept that we have a diversity of management objectives and respect each other's objectives.
- undertake to communicate openly with all relevant parties.
- commit to negotiate and, where necessary, to compromise in order to accommodate the reasonable land management requirements of neighbours.
- where there are areas of disagreement we undertake to work together to resolve them.

Collaboration is essential to meet the standards set by the Code of Practice for Deer Management.
